FIRST TREATMENT PREPARATION

- ☐ When your materials arrive from the Specialty Pharmacy, read the "[Instructions for Use](#)" closely for step-by-step instructions.
- ☐ Review the instructions to see how to best prepare for three equally divided doses throughout the day.
- ☐ Work with PANTHERx Rare to understand dosing as your doctor prescribed.
 - ☐ Consider whether you need additional supplies, for example, supplies for a g-tube, etc. Make sure to discuss your specific needs with PANTHERx Rare.
- ☐ Plan a schedule for all three of your daily prescribed doses by selecting appropriate times and then set a medication reminder alarm on your cell phone.
 - ☐ KYGEVVI should be taken with food. Reminders may be set to coincide with meals.

FIRST DAY OF TREATMENT: REFLECTION

- ☐ Review your process and materials and think about any changes you may want to try as you become more familiar with preparing and administering the medication, as well as cleaning your supplies afterwards.
 - ☐ Refer to the "[Instructions for Use](#)" before administering KYGEVVI and each time you get a refill.
 - ☐ You can also reach out to PANTHERx Rare – they can review specific dosing needs with you.
- ☐ Reach out to your or your loved one's healthcare provider for any concerns related to treatment.
- ☐ Praise yourself for navigating this process as you begin this treatment journey.
 - ☐ **For caregivers:** Make self-care, both mental and physical, part of your day-to-day process so you can be at your best to care for your loved one.

Your ONWARD Care Coordinator will check in with you during your treatment period – and is always available to listen if you'd like to share how things are going!
